

# TIPS FOR TAILGATING SUCCESS

**NOVEMBER 2019**

With football season in full swing, here are a few tips to help you and your family have the perfect tailgating experience!

## Get Possession of the Perfect Spot

You want to be close enough to the stadium to be in on the action, but far enough away that you can still have your own area. Also, be thinking about your exit plan when picking out your spot.

## Make the Right Plays During Set Up

When you arrive, make the spot your own. Put up your team's colors and get ready to enjoy the day. Bring some outdoor games for something to do while you wait for the game to start.

## Sack all the Right Foods

Be sure you have the means to keep food at safe temperatures throughout the day when planning the menu. You will need to be able to keep hot foods hot and cold foods cold. Frozen water bottles can make a great alternative to ice when packing coolers. Plus, once they melt, you will have cold water!

## Score the Winning Outfit

Check the weather forecast before you leave for the game and dress accordingly. Dressing in layers can be a good solution for cool mornings that turn into warm afternoons. Bring blankets for those extra chilly days.

## Cheer on Your Favorite Team

Just remember, no matter the final score, everyone wins when you get to spend the day with friends and family!
